**benefits for employees that benefit employers**

# Short Term Disability **VOLUNTARY**

**PROTECT YOUR WORKFORCE** A 2012 Social Security fact sheet predicts almost one in four 20-year-olds will be disabled before age 67.<sup>1</sup> According to the Integrated Benefits Institute, research repeatedly shows that absenteeism, disability, employee performance and lost productivity have a greater negative impact than medical and prescription drug costs combined.<sup>2</sup> So when you consider the relatively low cost of voluntary disability plans, the real question is: Why wouldn't you offer this option to your employees?

**VOLUNTARY SHORT TERM DISABILITY INCOME COVERAGE** Companion Life gives your employees the peace of mind that a protected paycheck brings. A program designed to help maintain a family's current lifestyle and its plans for the future if the employee is disabled off the job. A plan with the flexibility to meet an employee's individual needs. A program that

provides a significant enhancement to an employer's benefit portfolio at no additional cost!

**COVERAGES** This Voluntary Short Term Disability Income insurance plan pays disability benefits for covered **non-occupational** injuries and illnesses. Maternity, alcoholism and drug addiction, and mental or nervous conditions are covered the same as any other illness. A partial disability benefit is included to support a recovering employee's return to full potential through part-time work.

**EVIDENCE OF INSURABILITY** No evidence of insurability is required if the employee is at work on the effective date of coverage. Evidence of insurability is required if employees enroll after their initial eligibility period.

**PARTICIPATION** A minimum of three eligible employees must enroll for groups of 3-9 lives. A minimum of five eligible employees must enroll for groups of 10 or more lives.

**ENROLLMENT AGE FREEZE** When an employee enrolls for coverage, as long as he or she remains enrolled, the premium payable for the selected insurance coverage will always be based upon the employee's age at the time of original enrollment.

**EMPLOYER ELIGIBILITY** An employer group is eligible for coverage:

- If the group is not heavily financed by federal, state or local government entities, or heavily dependent on the procurement of government contracts; and
- If it is not a union, health and welfare fund, or similar entity; and
- If 50 percent or more of the group is not in commissioned sales; and
- If 50 percent or more of the group is not related by blood or marriage; and
- If the group is not subject to seasonal fluctuations; and
- If the group has been in business more than six months.

**EMPLOYEE ELIGIBILITY** Employees meeting all of the following are eligible for coverage:

- Full-time employment (working 30 or more hours weekly)
- Actively at work on effective date of coverage
- Employees pay 100 percent of the premium

<sup>1</sup> Social Security Administration, Fact Sheet, January 2012 <sup>2</sup> "Do Bleak Economic Times Mean Tougher Times for Employer Benefits Programs?," IBI Quick Study, August 2011

**PLAN DESIGNS** The employer may select one of the following eight plan designs to offer employees. Employers with 100 or more eligible employees may offer two plan designs for the employee group.

Plan Number	Benefits Begin		Duration

Plan 1	1st Day	8th Day	13 Weeks

**PRE-EXISTING CONDITIONS**

We will not cover a disability that begins in the first 12 months after the effective date that is due to a pre-existing condition. A pre-existing condition means a condition resulting from an injury that occurred or a sickness that began before your effective date of coverage under the policy; and for which medical treatment or advice was received or recommended no more than 12 months before the effective date of your coverage under the policy that causes total disability while you are insured under the policy.

**WAIVER OF PRE-EXISTING CONDITIONS LIMITATION**

The Pre-existing Condition Limitation will not apply if the insured was covered under the prior carrier's Short Term Disability policy on the policy's termination date, and if the insured was responsible for paying the entire premium for his or her coverage under the prior carrier's plan. See policy for further details.

# Buy-Up Plan

## VOLUNTARY SHORT TERM DISABILITY

### AFFORDABLE OPTIONS!

Companion Life's Buy-Up Plan is an economical, simple solution that provides both employers and employees an array of options. By combining a core level of income protection with the opportunity to purchase additional coverage, both employers and employees benefit.

As an employer, you may offer \$100/week in coverage, which allows employees to select weekly benefit payments from \$50 to \$1,150, not to exceed 66⅔% of basic weekly earnings. Please see our Voluntary Short Term Disability brochure for specific plan designs and benefit levels.

Maternity, alcoholism and drug addiction, and mental or nervous conditions are covered the same as any other illness. Disabilities which begin in the first 12 months after the effective date which are the result of a pre-existing condition are not covered. A pre-existing condition is defined as a condition with treatment (or symptoms for which an ordinarily prudent person would seek treatment) within 12 months prior to the effective date. The exclusion may vary in certain states as required.

Included at **no** additional cost is \$10,000 of Accidental Death and Dismemberment coverage.

We look forward to assisting you in offering these affordable, comprehensive benefit options to your employees.

# Buy-Up Plan

## VOLUNTARY SHORT TERM DISABILITY

### **FLEXIBILITY FOR YOU AND YOUR EMPLOYEES!**

Help your employees protect one of their most valuable assets... their paycheck! Companion Life is pleased to offer an innovative solution to employers — our Voluntary Short Term Disability Buy-Up Plan.

This versatile plan allows you to offer \$100/per week in short term disability insurance while giving employees the option to purchase supplemental coverage. The additional benefit purchased by employees, added to the \$100/per week benefit purchased by you, will allow employees to protect up to 66⅔% of their salary for a disability which occurs off the job. A minimum of five employees must enroll in the Buy-Up portion of the program.

Our Voluntary Short Term Disability Buy-Up Plan assists employers in providing their staff the peace of mind that a protected paycheck brings. After all, statistics show that the majority of American families would be bankrupt if they missed more than three consecutive paychecks. And 48% of all home foreclosures are the direct result of a disability.<sup>1</sup>
