How Long Can a Short Term Medical Plan Cover Me?*

We understand you might need short term medical coverage for a temporary period of time or for a longer extension over multiple months. That's why Pivot Health offers an array of coverage durations that allow you to pick an option for your particular life situation.

90-Days or Four 90-Days Plans

Pivot Health offers you the opportunity to apply for one 90-day policy which gives you nearly 3-months of coverage. We also allow you to apply for four (4) back-to-back 90-day policies at one time. You do not have to qualify again for the three additional policies, there are no additional waiting periods, and you can cancel at any time. New ID card must be downloaded every 90-days to ensure coverage is current. Pre-payment option is available for a discounted rate on shorter 90-day-only plans. For the first policy, pre-existing conditions diagnosed within the 60-month period immediately preceding the covered person's effective date are excluded for the first 12 months of coverage.

180-Days of Coverage

Need coverage for more than a few months? Get one policy for up to 180 days (approximately 6 months).

364-Days of Coverage

If you need health insurance coverage for nearly a year while you wait for additional coverage, 364-days of short term health insurance can take you the distance. May be great for individuals seeking a longer-term solution.

Short Term Medical Disclosure

This coverage is not required to comply with certain federal market requirements for health insurance, principally those contained in the Affordable Care Act. Be sure to check your Policy/Certificate carefully to make sure you are aware of any exclusions or limitations regarding coverage of preexisting conditions or health benefits (such as hospitalization, emergency services, maternity care, preventive care, prescription drugs, and mental health and substance use disorder services). Your Policy/Certificate might also have lifetime and/or annual dollar limits on health benefits. If this coverage expires or you lose eligibility for this coverage, you might have to wait until an open enrollment period to get other health insurance coverage. Also, this coverage is not "minimum essential coverage." If you don't have minimum essential coverage for any month in 2018, you may have to make a payment when you file your tax return unless you qualify for an exemption from the requirement that you have health coverage for that month.

This plan has a pre-existing limitation provision that may prevent coverage from applying to medical conditions that existed prior to this plan effective date.

**Policy duration varies by state availability.*

Health insurance for individuals who dislike high deductible plans

If you are a healthy adult and don't want to spend a lot of money buying coverage but want protection - just in case - Pivot Health's Core short term health plans could be the right fit for you. These plans help cover every day medical expenses like doctor office visits and optionally, prescription drug costs, but have more limited coverage for major services like hospital stays and surgeries. This helps you tailor health coverage to just what you need and not spend money on services you might not use.

With a Core Short Term Health Plan, you have access to First Health®, a large PPO network, allowing you to see doctors across the nation.

First Health PPO Network

First Health is a PPO network with broad access to medical providers in urban, suburban and rural markets throughout the country.

- Access to more than 5,300 hospitals, over 100,000 ancillary facilities and over 695,000 professional medical providers*
- Network doctors who are carefully selected to promote quality outcomes-www.firsthealthbp.com
